Parents/Guardians of all
Year 12, Level 3 Students

Dear Parent/Guardian,

UCAS HIGHER EDUCATION EXHIBITION

The annual UCAS Higher Education Exhibition takes place next month at Westpoint and I have booked places for our students to attend on Tuesday 21st March. The bus will leave school at 9.30am and return for 1.30pm. Students are to attend lessons around these times if possible.

The Exhibition is the major event to support entry to higher education in the South West. Most universities are represented and other organisations such as the armed forces and professional organisations have stalls. There are also lectures and displays covering all aspects of higher education. Questions about courses, places of study, costs and bursaries and grants can be researched and information on career opportunities beyond higher education can be found. Representatives from approximately 150 higher education institutions and organisations will be available to answer questions and over 9000 students attend. This is an important event and should be attended by all students considering higher education including those who are still uncertain about their future career pathway.

Entry to the Exhibition is free as well as transport to the Exhibition which will be funded by TCS6. Students will need to complete an SOE3 form which will be available from tutors next week. Please could I ask that these are returned to Mrs Best no later than Friday 10th March in order for your child to reserve a seat on the bus. We encourage all of our level 3 students to attend this excellent event.

Yours sincerely

Laura Milsom
Head of Sixth Form
